

THIS 125-LB. SHIP OFFICER RESCUED 2 LONGSHOREMEN 375 LBS. FROM DROWNING

LIEUT. HENRY G. MAAS
U. S. NAVY

Henry G. Maas, third officer of the American steamship Sutherland, dived overboard and rescued two longshoremen who had fallen into the water. One man slipped from a dock, and the other in an effort to catch him as he fell was dragged overboard. Maas jumped into the icy water, held one man up with one hand and swam to the other, whom he pushed against piling and held there until three ropes were thrown to him. This makes Maas's record five lives saved. In 1915 when a Hudson River liner on which he was sailing, caused a rowboat, with three girls, to overturn he rescued two. The third drowned. Last year he dragged a drowning man from the surf at Coney Island. Maas weighs only 125 pounds. The combined weight of the two men he recently rescued is 375 pounds.

Students May Go Home for Christmas.
BOSTON, Dec. 8.—Students returning home for the Christmas holidays from New England colleges and schools will not be held up by railroad service curtailments. The Railroad Administration to-day authorized arrangements for special trains to handle the large student traffic.

The Little Girl With a Doll House

is envied by all her playmates! The youthful dream of every small girl, a doll house is often still fondly treasured after grown-up days are reached.

Developing taste in furnishings and home talents it is one of the most important holiday gifts that can be gotten for a little girl. For the sojourn on the Nursery Floor, competitive examples of doll house architecture in

LiliPutie

form an important Christmas display. They range in size and price for every purse.

FLOOD ON SEA BEACH LINE MAKES PASSENGERS WALK

Tracks Put Under Water Between Kings Highway and 18th Ave. by Break in Main.

A leak in the twenty-inch water main in the Bath Beach neighborhood in Brooklyn flooded the Sea Beach subway tracks between the Kings Highway and 18th Avenue stations at 6 o'clock this morning. There is a dip in the tracks between the two stations, which filled and rose above the third rail, causing a short circuit.

Shuttle service was established between Coney Island and Kings Highway and between 18th Avenue and Manhattan, and passengers supplied with emergency transfers walked the intervening distance. The platforms of the 18th Avenue station were a running stream of water. The drains established at the lower levels to meet such emergencies prevented the flooding of the line except at the lowest point.

30-MILE RIDE, 5 CENTS, PLAN Queens President for Flushing to Coney Car Route.

Borough President Connolly of Queens to-day took up rapid transit cudge on behalf of the 55,000 residents of Flushing. He suggested to the Public Service Commission and the Board of Estimate that an elevated structure be constructed over a two-mile stretch from the "meadows" in Corona to a convenient location in Flushing.

President Connolly points out that in April next the R. N. T. subway will have been extended from 25th Street to Corona. The Interborough is already there, by way of Queensboro bridge. Both companies, he says, could use the same elevated spur. One result would be to give Flushing people a thirty-mile ride to Coney Island for a five-cent fare.

Reaches West Java on Australia Flight.

BATAVIA, Java (Saturday) Dec. 8.—Capt. Ross Smith, the Australian aviator, who is attempting to fly by airplane from England to Australia for a prize of 10,000 pounds, sterling, arrived at Keldjafu, West Java, this afternoon.

JOYRIDERS IN STOLEN CAR NEARLY FALL INTO RIVER

Plunge Half Way Over Pier and Abandon Auto Which Police Recover.

Five men joy-riding in a stolen \$2,400 automobile had a narrow escape at 12:30 A. M. to-day when they ran it onto the pier at the foot of West 52d Street. Half way to the end of the pier they discovered their mistake, but when they tried to turn they were going at such speed the car hit the stringpiece and the front wheels were left hanging over the river.

They got out, but a few minutes' work with a plank convinced them there was no chance of recovering the machine and they fled. A citizen notified Policeman Hudson of the West 47th Street station and he sent for the police wrecking car, which lifted the stolen automobile back to the pier. It had been stolen about 10:30 last

night from in front of the St. Regis Restaurant, No. 158 West 44th Street, and belongs to the restaurant proprietor, Samuel Davison, No. 158 East 42d Street, Flatbush.
